MEMORANDUM FOR: COMPTROLLER, DPS/DCI

SUBJECT : Final Adjustment to Contract Lockheed SP-1913

25X1A 1. The undersigned has been advised by the Finance Contracts Section that final payment has been made on Lockheed Contract SP-1913.

25X1A 2. With the posting of this final payment, Project ACR's will read as follows:

[REDACTED]

25X1A 3. Since, as the above analysis reveals, the final contract price stands at [REDACTED] an internal adjustment (lapsed appropriation FY-1955 Symbol M-5-1004-50-002) to credit the obligation on Project ACR's in the amount of \$12.76, appears appropriate. The entry required is to reduce the amount of funds carried on the ACR as an obligation.

	OBIGATION	EXPENSE	UNLIQ. OBIGATION
Balance after final payment Adjustment

4. The amount of \$12.76 represents collections made by Finance from [redacted] \$4.29 (Accounting 26 June - 12 July 1956 SA# 7875) and [redacted] Jr. \$8.47 (Receipt #3131) for personal phone calls charged originally as an official expense to SF-1913. Accordingly, these funds when collected were credited to the contract expense under the symbol 5-1004-50-002. Pertinent documentation involving the collection and application of the proceeds can be found in the folder labeled "Lockheed Aircraft Correspondence SF-1913".

5. Your concurrence is requested to post the adjustment as cited in paragraph 3 above.

25X1A

Adjustments recommended approved. There is no Federal Tax problem involved as LAC paid and charged against SF-1913 contract the commercial rate plus tax. They disposed of the tax as dictated by IRS.
